MEMORANDUM FOR: Director of Information Technology

FROM: Philip K. Eckman
Director of Research and Development

SUBJECT: ORD Research Program for Fiscal Year 1987

1. Every summer, the Office of Research and Development briefs its "customer" offices on our planned research program for the coming year. Although ORD is not conducting research projects specifically on behalf of your office in FY87, I believe many of our projects (and the related technologies) would be of interest to OIT. I would like to brief you and your deputy on them on Thursday, 24 July, at 1000 hours in your office. Please let me know if the date and time are convenient for you.

2. I would like to make the briefing as useful as possible, so I welcome your ideas on issues we should address. If you have any suggestions, please contact me or my Executive Officer, [redacted], as soon as possible so that we can begin tailoring our briefing to meet your requirements.
